School Comparative Report: National Reading and Numeracy Tests

Age-standardised score

Age-standardised scores enable you to compare each pupil to all other pupils in Wales of the same age (in years and months) who took the same tests in April and May 2016.

The tables and charts below summarise the age standardised-scores for each year group in your school, along with your local authority and Wales for comparison.

Percentage of pupils within each range of scores:

Progress Measure

The progress measure enables you to compare the performance of your own pupils with all pupils who took the same test in the same year group. The progress measure makes it possible to track relative performance over time.

The tables below summarise the progress measure for your school, along with your local authority and Wales for comparison. You can:

- compare the relative performance of different cohorts of pupils at a given point in time (read the table horizontally);
- compare the relative performance of a single cohort of pupils at different time points (read the table diagonally);
- compare the relative performance of different cohorts of pupils in your school to your LA and Wales.

Percentage of pupils achieving an average or above average progress measure:
